

Multi-Mech Lift

Mechanical Double Lift Up Door System

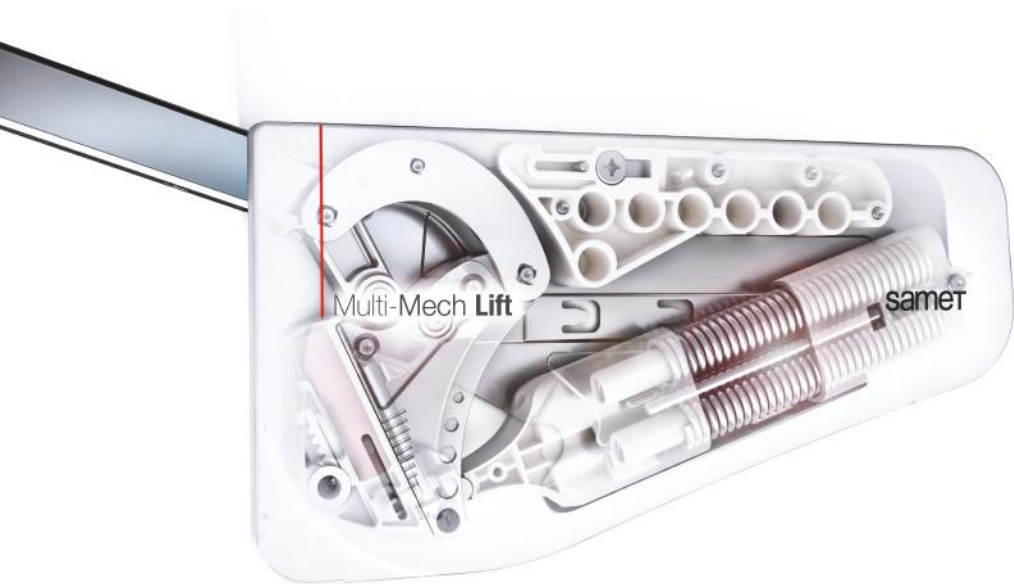

Samet proudly presents Multi-Mech Lift Mechanical Double Lift-Up Door System...

Multi-Mech Lift Mechanical Double Lift-Up Door System provides the opportunity to place furniture doors, especially high cabinets, at the intended point. In addition, the soft close mechanism, improves the comfort of use.

Multi-Mech Lift performs smoothly with the help of the gradual opening mechanism.

samet

Multi-Mech Lift Mechanical Double Lift-Up Door System always gives priority to user safety by preventing fast and sharp movements while opening and closing. It ensures a high level of safety with the interim hinge system design to stop finger pinches.
